The submitted proposals have been evaluated by the following jury panel.

Rudrajeet Pal

Professor, University of Borås

Rudrajeet is a practitioner, consultant, advisor, researcher and educator within the field of textile and fashion for over 15 years. He is Professor in Textile Value Chain at Swedish School of Textiles, University of Borås, and holds a doctoral degree in engineering, specifically on resilience and risk management of textile and clothing firms. He is a guest professor in Intelligent Industry at University of Gävle, and also holds several other positions as expert advisor to United Nations Economic Commission for Europe, Swedish National Platform for Sustainability, European Technology Platform for Fibres, Textile and Clothing (ETP) etc.

Fredrik Timour

Fashion Innovation, We Love you

Fredrik Timour has a broad, deep and holistic perspective to digital fashion. He works for the Swedish Fashion Council setting up a new innovation center for fashion and is part of the national platform for sustainable fashion. He is also the founder of Neue, a platform for digital fashion development including both hardware, software and cloud services, for fashion brands and end user applications. He has been running courses in fashion tech at Fashion Institute of Technology - NYC, London College of Fashion - London, IFA - Paris, Beckmans - Stockholm. Furthermore, he has been working directly with clients like Fusalp, FILA, POC, IKEA, BACK, Snickers Workwear, SAS, IBM developing new business models and concepts for digital fashion.
